Versatile developer with a unique hybrid profile, combining a [Master's in Artificial Intelligence](#) (UCLouvain) and a background in [Technical Art](#) (Albert Jacquard). Winner of the 3rd [IEEE/ICTEAM prize](#) for my research on integrating LLMs into game systems, I am passionate about creating [immersive interactive experiences](#). My current experience as a Roll Out Manager strengthens my ability to act as a [bridge](#) between [creative](#) visions and complex [technical](#) architectures. [Versatile and resourceful](#), I enjoy transforming cutting-edge technologies into fluid and innovative gameplay mechanics.

RESUME

EDUCATION

- Master in Computer Science - AI** UCLouvain 2022 - 2025
 Master's degree in Computer Science, specialized in Artificial Intelligence.
 ↳ **"Large Language Models as RPG Game Masters"** Master Thesis
 3rd Prize for Best Master's Thesis IEEE/ICTEAM 2025 🏆 (Implementation of non-linear AIs)
- Degree's in Technical Art** Haute Ecole Albert Jaquard 2019 - 2022
 Video game-specialized, focused on the bridge between technical and artistic domains to optimize production pipelines. Graduation project on Unreal Engine.

EXPERIENCE

- Roll Out Manager** Belgian Defence 2026 - Today
 I assess the technical feasibility of ILIAS ERP updates and act as a liaison between developers and analysts to ensure a smooth workflow. I prepare production rollouts and manage technical documentation (wiki, briefings, indicators) as well as the improvement of internal processes. Additionally, I supervise the integration of "Ask Pierre," an AI assistant, to facilitate data access and optimize its utilization.
- IT tutor** at UCLouvain Sep - Dec 2024
 IT Tutor for forty first-year Bachelor of Computer Science students.
- Tech Art Intern** Internship Tech Art Feb - May 2022
 Four-month internship as a technical artist on the production of Outcast 2.
- La Sucrerie** Jobber + Application Programming 2019 - 2025
 Developed the management application for the bar.

SOFTWARE

- Python / Java
- C# / C++
- Adobe Suite
- Git / Perforce
- Unity / Unreal
- Maya / Blender

LANGUAGES

French: **Native** English: **Fluent**

MORE

- Driver's license (B), with a car
- I was a scout animator for 7 years, so I know how to organise, supervise and resolve conflicts... between 12 tired children, in the rain, with just one roll of toilet paper.
